EXPERIENCE

Software Engineering Intern

Configura

May 2024 – August 2024

Grand Rapids, MI

- Engaged day to day with client to create custom extension for an application with a 75+ million line codebase
- Created new sales avenue for a client's product that is responsible for 35% of their revenue
- Spearheaded creative implementations that could not be found from LLMs, StackOverflow, or Google

Undergraduate Research Assistant

Michigan State University

October 2023 – April 2024

East Lansing, MI

- Leveraged AI technology using natural language processing (NLP) and computer vision to help engineer and align a machine-learning (ML) model to auto-grade 15-minute-long medical students' simulated patient exams
- Harnessed INCEpTION software to annotate and analyze text and video data
- The end goal was to create a model with at least 95% accuracy so the grading system can be automated, reducing the grading time from months to days in addition to maintaining medical confidentiality

Project Director, Incoming President

Imagine Software Club

March 2024 – Present

East Lansing, MI

- Oversee an internship-like experience for 60 students in 10 teams, checking in with each team bi-weekly
- Collaborate with the Executive Board to make better projects and work with potential clients for next semester

Sales Associate and Social Media Manager

Amazing Deli

May 2023 – August 2023

Midland, MI

- Promoted specials and branding via Meta Business Suite leading to a 300% improvement in social media traffic
- Conducted point-of-sale transactions with accuracy and efficiency, maintaining an error rate consistently below 1%

PROJECTS

RecycleMe | Flutter, Dart, GetX, Firebase, OpenAI APIs, Trello, Python, PyTorch

October 2023 – Present

- Craft a business plan outlining 5+ key features for a mobile application project aimed at reforming and gamifying recycling to promote environmental sustainability and user engagement
- Lead a team of 5 to develop and launch a Minimum Viable Product (MVP) in an ambitious 90-day timeline
- Coach a cross-functional team utilizing effective communication, stand-up meetings, and in-person collaboration
- Demonstrate and inspire a motivational work environment through critical feedback and praise
- Accepted into the Discovery program at MSU's Burgess Institute for Entrepreneurship & Innovation

Notelify | Next.js, React, Supabase, Mozilla Speech to Text API, OpenAI APIs, Figma

October 2023 – April 2024

- Partnered with a team of 6 to create an easy, streamlined user experience for students to automate note-taking
- Constructed a donation page and implemented APIs to transcribe users' speech to text and transform it into a Markdown summary of key concepts using prompt engineering
- Pitched to a panel of industry judges at AI Club's "End of Semester Finale" and won \$100 for "Best Use of AI"

Thoughtful | Discord, LinkedIn

March 2024 – Present

- Founded a ~200 member organization providing career help and insight for increasing social media presence
- Amassing a network of 50,000+ current combined followers from members on LinkedIn and expanding to Twitter
